Integrate your IP cameras and AVL in Flock for 45-days

Hello Eligio,

Flock Safety is committed to making real-time intelligence available to agencies of all size and scope, which is why I am excited to invite you to participate in our **exclusive pilot program**. Sign up **here** to try Flock Safety's latest platform integrations for **45-days at no additional cost**:

- Connect every livestream IP camera in your community alongside Flock Safety Hot List alerts in a single view.
- Build better cases with 7-day footage retention, Live Video Instant Replay, and downloadable MP4 evidence.
- Deploy resources more efficiently with real-time patrol locations and availability in an

interactive map.

Are you ready to unlock enhanced situational awareness for better incident management, officer safety, and case clearance?

Join the Pilot Program
